MEMORANDUM FOR: Acting Deputy Director for Administration  
FROM: Director of Central Intelligence  
SUBJECT: Closing of Ames Building Cafeteria

I read your memo of 7 March 1980 (ER 80-3532) on the cafeteria at the Ames Building. Over and above the inexcusable bureaucratic 15 months of delay in utilizing this space, I note in your second paragraph that there has been a reluctance of any of our organization to move into this space. I gather from paragraph 2 that in effect you are simply reshuffling people within the Ames Building and spending \$152,000 to make those people a little more comfortable. It seems to me the key objective should be to alleviate the space crowding in the Headquarters Building; that means that someone has got to move down to the Ames Cafeteria from Headquarters. People cannot have their cake and eat it too; that is, they cannot all complain that they are overcrowded in the Headquarters Building, that they need more people on their staff, and that they won't move out of the building. I would like to see this space so utilized. (U)
